FEATURE WALLS

See your Vision come to life

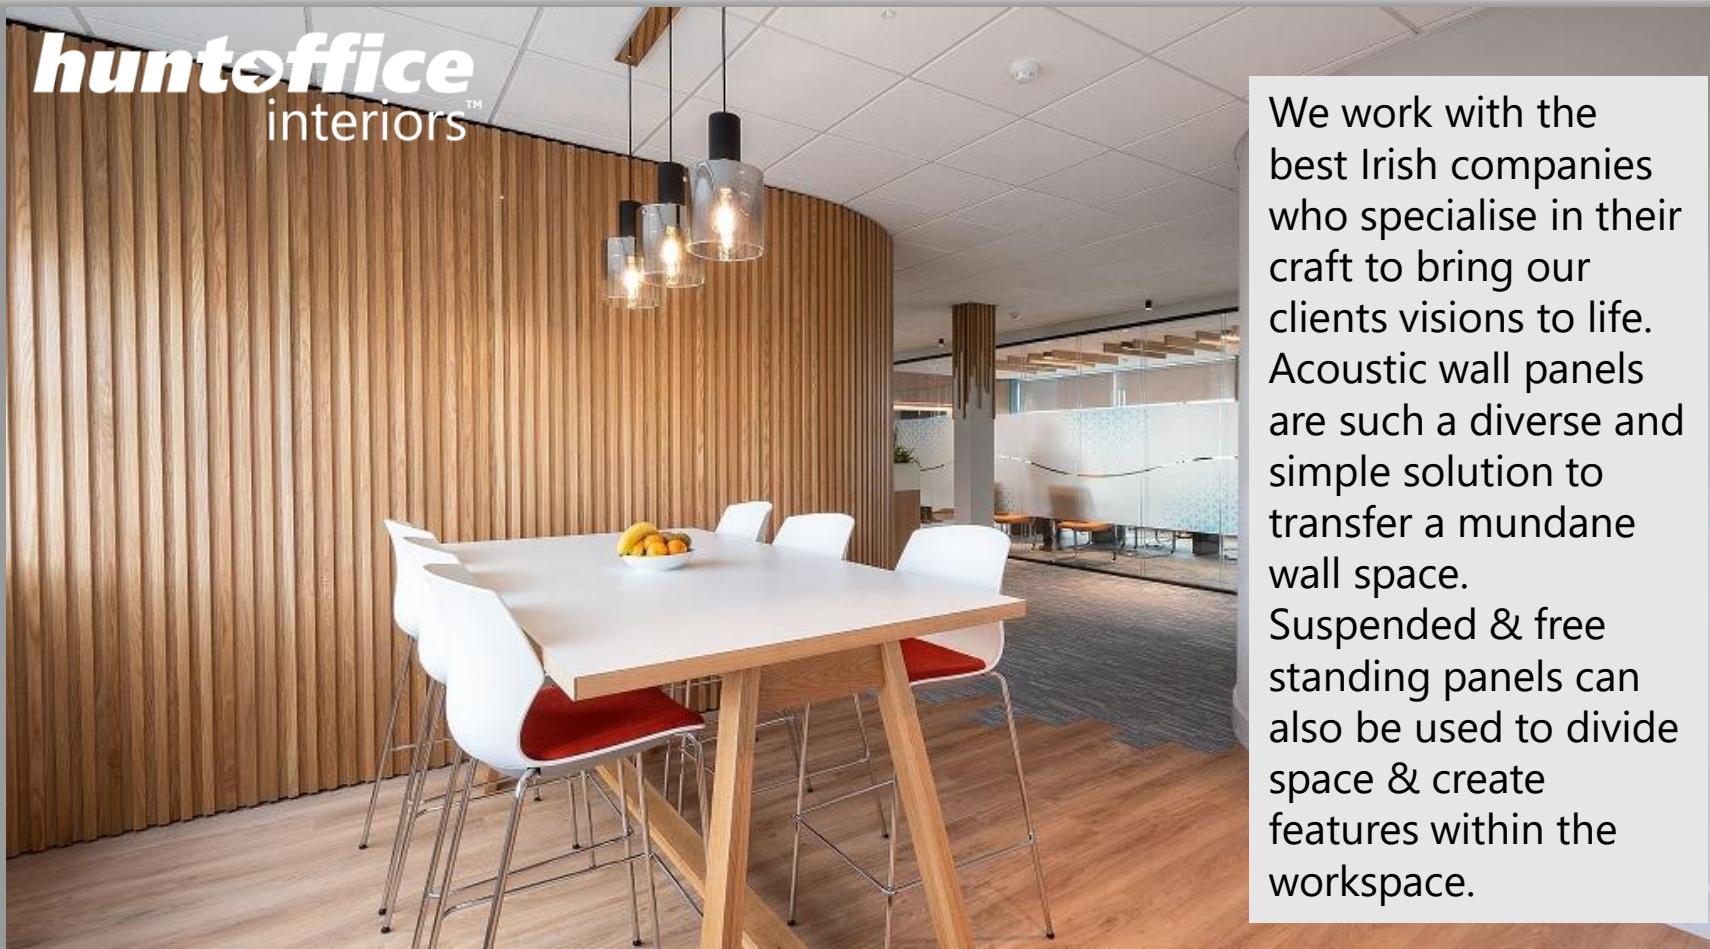

Feature Walls have become increasingly popular as a bespoke design feature in today's dynamic workplace. Biophilic Design incorporating natural materials, greenery and plant life has led to the wonderfully imaginative world of living walls. The design and creative possibilities are endless, resulting in a unique space that is not only aesthetically pleasing but improves employees wellbeing at work.

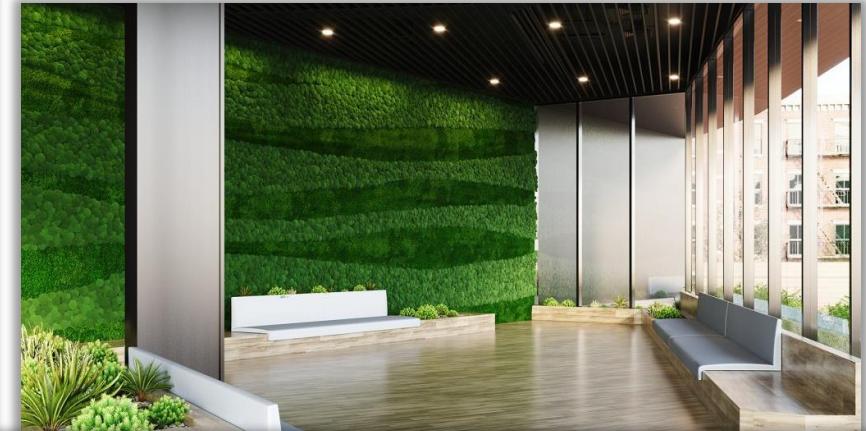

FEATURE WALLS

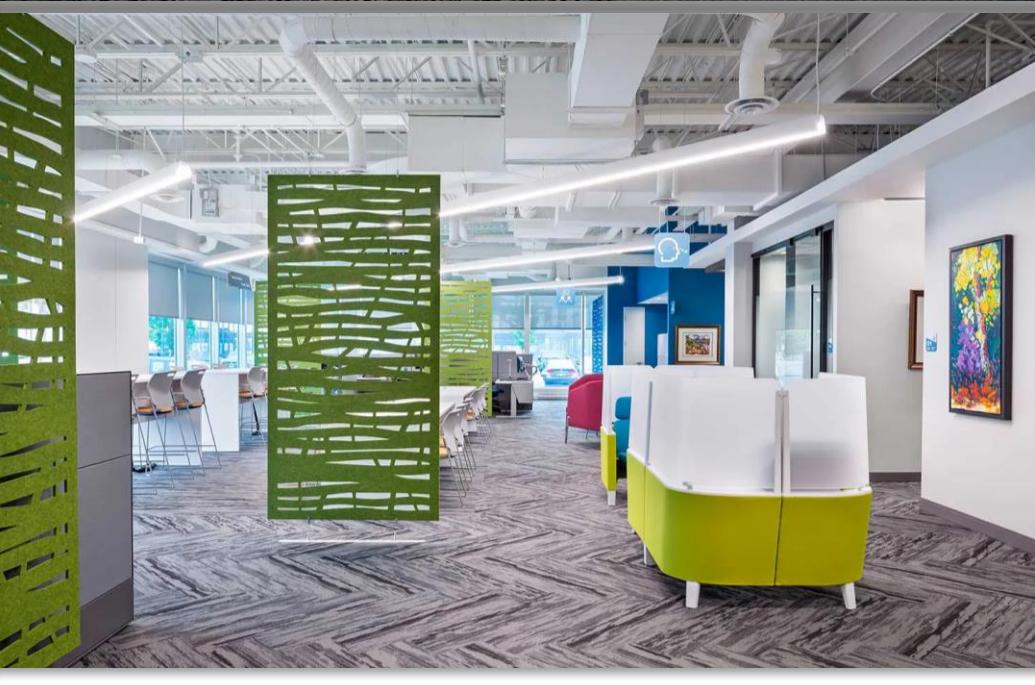

We work with the best Irish companies who specialise in their craft to bring our clients visions to life. Acoustic wall panels are such a diverse and simple solution to transfer a mundane wall space. Suspended & free standing panels can also be used to divide space & create features within the workspace.
